SafeCruise

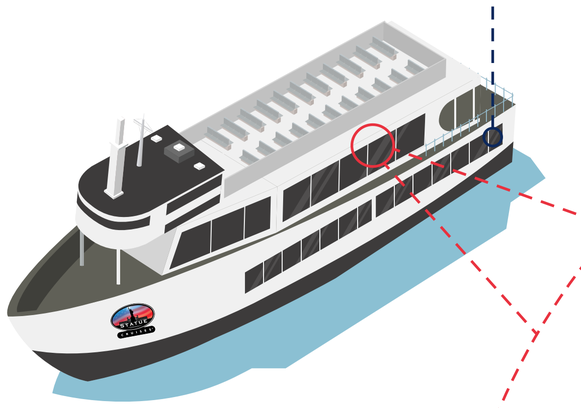
PRE-BOARDING

BOARDING

ON BOARD

TRANSPORTATION FREQUENCY

Departures adjusted to allow for additional sanitization between ferry departures.



HAND SANITIZER STATIONS

Located at key high traffic areas, staff are required to wash hands frequently.

HIGH FOCUS SANITIZATION

Increased cleaning frequency with EPA-approved products to guard against viruses like COVID-19.

PASSENGER CAPACITY ON BOARD VESSELS

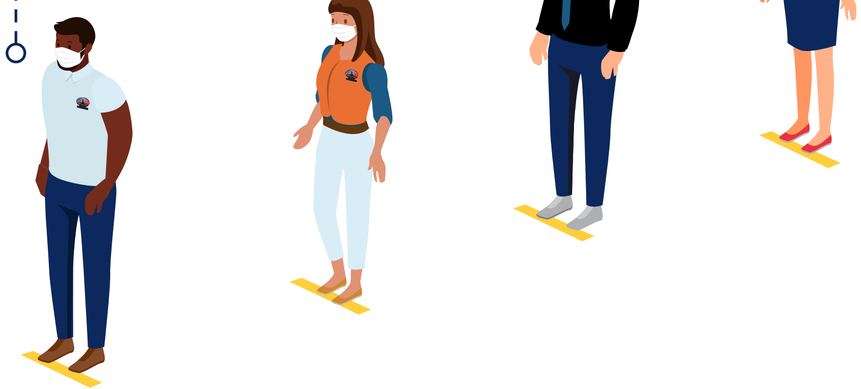
Vessel capacity reduced to 50% across the entire fleet.

CONTACTLESS CHECK-IN

Electronic delivery of tickets where possible and extended boarding times for social distancing.

EQUIPPING TEAM MEMBERS

Providing enhanced equipment and training to all onboard staff.



PRE-SHIFT TEMPERATURE CHECKS

Pre-shift health and temperature checks daily for all staff.
