We absolutely LOVED having our wedding on the water! The venue and views spoke for themselves. The staff and food helped enhance the experience. Ashley, our day-of coordinator, could not have been more helpful in making our vision come to life. I wish I could re-live my wedding day over and over again!

Sandy & Grant

Emma and Alberto, Derek the DJ, the crew, and, of course, the venue, exceeded all of our expectations. Our guests were beyond delighted to be aboard and raved about the food (kudos to the chef!). Huge thanks for being organized and responsive to countless emails and ensuring all went smoothly.

Battsooji & Michael

Simple but significant. It was everything we wanted it to be and more to host this special day in our lives with our family. The scenery the city offers on a beautiful summer day in August was spectacular and after every bridge was a new photo-op. The food was outstanding, ranging from the mini shrimp cocktails to the beef wellingtons, and the short rib was delicious. The bar package and selection accommodated all the different tastes of our guests while they soaked in the ambiance the city has to offer. Many of our family members are still talking about the overall experience. We cannot thank City Cruises enough.
